Walking with the Stars:

*Getting Insight into our Past, Present and Future
Through Walking Astrological Charts*

with Saadi Neil Douglas-Klotz and Natalia Lapteva

This seminar offers a rare opportunity to explore one's personality, life challenges and potentials by experiencing one's natal chart come alive.

While standing in the centre of a small circle, you will have a chance to sense and observe the planets of your natal chart rotating around, moving in relationships to one another, providing answers to long-term questions and opening doors to new ways of living. This can be both a very intimate and deeply inspiring experience.

We will be also exploring other ways to deepen our understanding of our planetary connections. So-called "karma" and "dharma" walks will be among these, as well as us acquainting ourselves with planetary specifics that are common for certain generations. We will also be sharing evening zikr, storytelling and other practices, including Dances of the Universal Peace, to help the process of discovery.

You will be asked to submit *your full date and place of birth at the time of the registration*. Natalia will generate a new natal chart, which is included in your retreat fee, for each participant so that all will have them in a consistent format. These charts will be analyzed in preparation for the seminar so that participants can be grouped more efficiently.

Murshid Samuel L. Lewis originated the astrological walks and often prescribed "karma" and "dharma" walks to help students master life challenges and uncover their purpose. **Saadi** studied with one of his original students, Khadija Jessica Hall, who originated the practice of walking aspects (squares, trins, conjunctions, etc.) and walking charts. He has shared this wonderful tool for self-discovery and realization with many groups worldwide for the past thirty years. R

Natalia is a graduate of ASHA, a Russian-based school of Avestan (Zoroastrian) astrology and has worked with clients in that field.

Saadi and Natalia are also serving as teachers and guides in the Sufi Ruhaniat International (SRI) and in the Dervish Healing Order (DHO).

*This seminar is open to Sufi mureeds, Dervish Healing Order initiates, and others by permission. **Please note!** All participants are expected to be reasonably well acquainted with the Astrological Walks of Murshid Samuel L. Lewis, which include the planetary walks from Sun to Saturn, as well as walks of the elements, while having been at least exposed to the walks of the higher planets. Although we will go through a short review of*

all these, it will not be enough to enable one to become a full scale participant of this seminar without prior experience.

The number of participants is limited to 30 people. Because of the limited numbers, a non-refundable £50 deposit will be required upon registration.

Cost: £190 (own accommodation), £250 (dormitory), £275 (shared room)

Retreat begins on Thursday, **September 28 at 6.30 p.m.** with dinner and finishes on Sunday, **October 1 at lunch.**
